Reach Out for Help
Foundation

Dear Friends,

The Covid-19 Pandemic has been in the news and on our minds over the last several months. While this virus has had devastating effects and is of much concern to all of us, the disease of addiction is also a serious and challenging battle. The social distancing and isolation of the coronavirus pandemic may put those struggling with addiction at a higher risk of relapse, overdose, or suicide. Whether an individual is currently in treatment or not, anxiety and depression are other factors that may add to these risks. Now, more than ever, the importance of assisting those facing these issues is the top priority of the Mikel Fruits Reach Out For Help Foundation. My son, Mikel Fruits, took his life on August 10, 2011 while under the influence of alcohol and prescription drugs that were not prescribed to him. The lack of finances for treatment and not knowing where to turn, further added to his feelings of hopelessness. He was 26 years old.

While options for treatment are improving in our state and across the U.S., the need for financial assistance for many individuals seeking said treatment is vital. In 2019, the Mikel Fruits Reach Out for Help Foundation and our generous donors assisted 15 individuals with \$11,400.00 in funds to begin treatment.

In 2020 we have provided an additional \$7100.00 in funding to assist another 10 individuals. We are immensely proud to be a part of the life changing direction they have chosen.

If you would like more information about this Foundation, please visit our website at MikelFruitsROFHF.org.

Warm Regards,

Becky Stone, President
