2018 Easter egg hunt. Estimated 75 children hunted 1200 Easter eggs.

## Note from the President

With spring finally here, we're in the process of doing some renovations and improvements. The board of directors approved two projects recently:

- Gutters will be installed on the clubhouse and concession building. This will alleviate much of the flooding that happens between the concession window and the clubhouse kitchen and reduce the damage to the concrete along the perimeter of the buildings.
- The pool restrooms were last updated decades ago and in sore need of renovation. This will include having the showers rebuilt, new toilets installed, and new stalls in the women's restroom, wall coverings, and repainting the floors.

The work on both projects will be completed before the pool opens. Thank you for your support in making these improvements possible.

Linda Stemnock
